

CAPABILITY STATEMENT

Saga IT, LLC. Healthcare integration and interoperability engineering.

Core Competencies

- **Clinical and imaging data integration:** HL7 v2, FHIR, DICOM, X12, and C-CDA interfaces between EHRs, devices, laboratories, imaging systems, and registries
- **Integration engine engineering:** Mirth Connect and Open Integration Engine (OIE) channel design, operations, and migrations from Rhapsody and other engines
- **EHR application development:** SMART on FHIR applications inside Epic, athenaOne, and Oracle Health, through the vendors' developer programs to production listing
- **Clinical decision support:** CDS Hooks services and SMART on FHIR delivery of decision-support content inside EHR workflows, for CDS vendors and provider groups
- **Medical device to EMR connectivity:** productized, per-site onboarding that takes a device or platform live across hospital fleets
- **Research data pipelines:** FHIR bulk extraction and transformation into registry and research datasets
- **Interoperability strategy and architecture:** assessments, integration design, vendor coordination, and HIPAA-aware delivery under BAAs

Differentiators

- **OpenShare.health:** Saga's healthcare data gateway (open beta) for direct organization-to-organization exchange of imaging and clinical data, on-premises and end-to-end encrypted, on Mirth Connect and OIE, with a SOC 2 examination and penetration testing underway
- **MirthSync:** Saga's version-control and CI tooling for Mirth and OIE channel configurations
- **Open Integration Engine contributor** and part of its support ecosystem
- **Senior, architect-led delivery:** an integration architect leads every engagement, with a US-based team of about twelve and developers added by role
- **Repeatable rollouts:** production go-lives at hospitals around the world, delivered remotely as fixed-fee installs or time and materials
- **Insurance:** technology E&O and cyber coverage in force

Company Data

UEI	JJJ5YLAFNDW6
CAGE	24FU4
SAM.GOV	Active, registered as SAGA IT, LLC
BUSINESS SIZE	Small business (self-certified)
NAICS	541512 (primary), 541511, 541513, 541519, 518210, 541690
PSC	DA01, DC01, DE01, DF01, DJ01
FOUNDED	2016, Florida LLC
ADDRESS	10869 Magnolia St, Palm Beach Gardens, FL 33418
CONTACT	Morgan Dowell, CEO morgan@saga-it.com, saga-it.com

Past Performance

FEDERAL, AS SUBCONTRACTOR

Department of Homeland Security, OAST. Section 508 program support: accessibility test cases, automation, accessible coding examples. Via New Editions Consulting, 2019 to 2023.

Centers for Medicare & Medicaid Services. HCBS Statewide Transition Plan website (hcbssstp.com): application support, reporting, and Azure operations. Via New Editions Consulting, 2023 to 2025.

HHS Administration for Community Living. Grants-monitoring database and Title VI workbook applications. Via New Editions Consulting, 2018 to 2021.

Department of Education, RSA. NCRTM clearinghouse (ncrtm.ed.gov) search redesign and maintenance. Via New Editions Consulting, 2016 to 2023.

NIH Director's Office. Information system operations, maintenance, and security support, 2017 to 2018.

COMMERCIAL

LivaNova. HL7 integration of the Essenz perfusion platform with hospital EHRs worldwide, 2017 to present.

Medtronic. Device connectivity, DICOM and PACS integration, and DevOps support for imaging and surgical platforms, 2018 to present.

Medweb. Cloud infrastructure, security, and software engineering for a telemedicine platform with DoD and VA installations, 2023.
